AI Voice Cloning Scams: When Your Voice Is Used Against You

About Us

Since 2000, BCSI Investigations Inc. has performed thousands of successful investigations. Our integrated team of investigators and support services ensure that the investigations are conducted promptly with leading-edge techniques.

AI Voice Cloning Scams

Criminals can clone your voice from only a 3-second clip!

Scammers are calling people and recording their voices over the phone to be used for cloning purposes. You might think it's a regular spam call, but telling them to "stop calling" you can give them enough information to clone your voice.

What do they do with your voice?

Scammers will use your voice to call a family member, pretending to be you, and ask for money. Most people are willing to help a family member in need and won't question it; this is what scammers hope for.

How to protect yourself

- Limit the number of times your voice is posted online
- Don't answer spam calls

With over 40 years of combined experience, BCSI Investigations Inc. is the platinum standard for private investigations.

Contact us at 604-922-6572 or visit our website at www.picanada.ca to learn more.
