### Subscription Traps

#### Subscription Traps: How to Avoid Hidden Recurring Charges

##### About Us

Since 2000, BCSI Investigations Inc. has performed thousands of successful investigations. Our integrated team of investigators and support services ensure that the investigations are conducted promptly with leading-edge techniques.

##### Subscription Traps

A company offers a trial/sample of a product, and they collect your credit card information to cover the shipping cost. Once you receive the first product, you assume that it's yours and don't think about it anymore until you get a bunch of charges for a monthly subscription that you were unaware you had signed up for. These charges can be pretty hard to stop and often feel impossible.

Nowadays, every service is a subscription, and most people struggle to keep track of them. It is essential to review bank statements regularly to identify and cancel any unwanted subscriptions. The average person is paying between \$100 and \$200 a month for subscriptions ([CNBC](#)).

##### How to Avoid Being Trapped

- Don't rush for the sales, take a second to look it over
- Be skeptical of celebrity endorsements

With over 40 years of combined experience, BCSI Investigations Inc. is the platinum standard for private investigations.

- Read the terms and conditions
- Double-check the price before checking out. Companies will add unexpected charges at the last minute.
